Sir,

With reference to paragraph 3 of

certain perquisites and I do
not want them to be much more
attractive than Local Fund

Read: Letters from the Senior Surgeon P. Pr. Surgeons No. 753, & 1078 dy. respectively the 19th June and 4th August 1888.

Order:-

Copies of the letters above read are forwarded to the Secretary for Finance & Revenue for opinion in consultation with the members of the Local Funds Boards.

2. The scheme proposed by Dr. McCann is that all the Hospital Assts. in independent charge of the Local Funds Dispensaries shd. as similar officers do in Madras, draw an extra allowance in addition to their pay for being in such charge: this is intended to encourage Hospital Assts. taking up with readiness stations in remote parts of the Province, & unhealthy in climate: it will also draw to the service superior men

3. The salary of the Hospital Assts. to be improved at present Rs 50, 40, 25 monthly for the 1st, 2d & 3d Class, in Madras it is 55, 35 & 25 respectively; the charge allowance in Madras is Rs 10 for ordinary Civil Dispensaries, Rs 15 for

those in receipt of unhealthy Districts
Rs 25 for hill tracts where the
cost of living & travelling is much
enhanced. In the Burma State,
most of the mahomedan Stations will
come under the Rs 25 class, in
consideration of this point. The
Darbar has already sanctioned a mahomedan
allowance of Rs 15 & 10 to some of
the Shemsha & Kadis &
Mojumdars: several other
stations similarly situated
do not draw this allowance at
present which as the Divisional ~~Division~~ appears to the G.O.C.,
~~Division~~ is an anomaly &
makes an invidious & unjustifiable
distinction.

4. The Senior Surgn it will be seen
has divided the Stations into
three classes, those in which he
would grant 20 Rs, 15 Rs & 10 Rs
respectively corresponding to the
classes Europeans in Burma. &
~~this proposition in Burma~~
~~Division very fair~~; he is convinced.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th June 1889.

READ THE FOLLOWING PAPERS:—

From the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, To the Chief Secretary to the Dewan of Mysore, No. 753, dated Bangalore, 19th June 1888.

I have the honor to forward for submission to the Dewan for information copy of a letter from the Secretary to the Surgeon General with the Government of Madras conveying information regarding the charge allowances granted to Civil Hospital Assistants in independent charges of Local Fund Dispensaries in addition to their pay in the Madras Presidency.

The pay of Hospital Assistants in Madras and Mysore is as follows:—

	1st Class.	2nd Class.	3rd Class.
Madras	Rs. 55	35	25
Mysore	Rs. 60	40	25

From this it will be observed that the pay proper is Rs. 5 more in Mysore for the 1st and 2nd classes than in Madras, but is the same for Hospital Assistants of the 3rd class in both places. But with the charge allowance it becomes Rs. 5, Rs. 10, or Rs. 20 more in Madras except in the marginally noted places in Mysore where a Malnad allowance of Rs. 15 or Rs. 10 is granted.

I am desirous of bringing this matter to the notice of the Dewan, as I have not been able to get as many Hospital Assistants lately as I expected I would, possibly because I have been unable to offer any special inducements to men of a superior class to join us. The only men I have succeeded in getting lately are men who were serving under Local Fund Boards in Madras and this being an unpensionable service they were glad to get into the Mysore Medical Service because of the pension.

There is also the fact that our Hospital Assistants in charge of Local Fund Dispensaries who get no Malnad or charge allowance of any kind are worse paid than men of the same class in Madras, which is not encouraging to good work and contentment, and I find, and cannot very well blame them, that they do not care to be put in charge of dispensaries in remote or unhealthy places and are always hankering to get back to District Head-Quarter Hospitals or centrally located dispensaries.

I am therefore inclined to think that, to remove the discontent which exists more or less amongst the Hospital Assistants in independent charges, and to make these charges more attractive and worth obtaining and keeping; and with a view to placing our Hospital Assistants on an equal footing as regards pay with those of the Madras Presidency, it would be desirable to grant some general charge allowances similar to those in force in Madras, but before making any specific recommendations, I should be glad to be favored with the Dewan's views on the matter as to whether it is practicable in a financial point of view.

Local Funds pay so little now towards the cost of Local Fund Dispensaries that I think they could very well bear a small extra charge of the nature referred to

From the Secretary, Surgeon General with the Government of Mādras, Fort St. George, To the Senior Surgeon and Sanitary Commissioner, Government of Mysore, No. 4049, dated Fort St. George, 15th June 1888.

With reference to your letter No. 691 of the 8th instant, I have the honor by order to inform you that Civil Hospital Assistants when placed in independent charge of Local Fund Dispensaries are granted the following charge allowance in addition to their pay according to the circumstances of each case :—

(*a*) Rupees 10 for ordinary civil dispensaries.

(*b*) Rupees 15 for dispensaries in remote or unhealthy districts.

(*c*) Rupees 25 for dispensaries in hilly tracts where the cost of living, travelling, &c., is much enhanced.

From the Senior Surgeon and Sanitary Commissioner, Mysore Government, To the Chief Secretary to the Dewan of Mysore, No. 1018, dated Bangalore, 4th August 1888.

With reference to your Camp No. 866 of the 29th June 1888, I have the honor to forward my proposals regarding the charge allowances for Hospital Assistants in independent charge of Local Fund Dispensaries and for those attached to Revenue Establishments and Jail Hospitals, similar to those in force in the Madras Presidency, and for ready reference I enclose two letters in original (to be obligingly returned when done with) from the Secretary to the Surgeon General with Government of Madras on the subject.

II. I have divided them into three classes as follows :—Class I carrying with it a charge allowance of Rs. 20 per mensem comprises the most remote or unhealthy places ; Class II with a charge allowance of Rs. 15, the less remote or unhealthy ; and Class III with an allowance of Rs. 10, the ordinary Local Fund Dispensaries throughout the Province, the Hospital Assistants attached to the establishments of Deputy Commissioners, those attached to the Central, Mysore and Shimoga Jails, and the Hospital Assistants attached to the Asylums and Stores whose duties in connection with the stores are onerous.

III. Class I Rs. 20.

8	Yedahalli	Do.

11	Nagar	Do.
12	Sagar	Do.

Class II Rs. 15.

1	Shikarpur, ...	Shimoga.
2	Sorab	Do.

IV. The charge allowances for Local Fund Dispensaries will, I presume, be paid from Local Funds, the others, I suppose, from Provincial Funds, which savings from the Medical Budget will meet.

Those included in Class I excepting Sulebail, which is not yet opened, are already in receipt of an allowance of Rs. 15 and so the proposed increase is only Rs. 5 a month which I think they deserve.

In Class II Sorab remains unaltered and Shikarpur is increased from Rs. 10 to Rs. 15 and Class III includes the remaining charges mentioned in para II.

If the proposals meet with the approval of the Dewan, they will, I am sure, make our Hospital Assistants contented and happy, and, *ceteris paribus*, make them by Rs. 2—8—0 a month better off than their bretheren in Madras.

From the Secretary, Surgeon General with the Government of Madras, Fort St. George, To the Senior Surgeon and Sanitary Commissioner, Government of Mysore, No. 4049, dated Fort St. George, 15th June 1888.

With reference to your letter No. 691 of the 8th instant, I have the honor by order to inform you that civil Hospital Assistants when placed in independent charge of Local Fund Dispensaries are granted the following charge allowance in addition to their pay, according to the circumstances of each case :—

(*a*) Rupees 10 for ordinary civil dispensaries.

(*b*) Rupees 15 for dispensaries in remote or unhealthy districts.

(*c*) Rupees 25 for dispensaries in hilly tracts where the cost of living, travelling, &c., is much enhanced.

From the Secretary, Surgeon General with the Government of Madras, Fort St. George, To the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, No. 4900, dated Fort St. George, 23rd July 1888.

With reference to your letter No. 923 of the 16th instant, I have the honor, by order, to inform you that Hospital Assistants attached to Revenue Establishments, Police and Jail Hospitals in certain reputedly unhealthy Districts are granted an allowance of Rs. 10 to 25 according to the circumstances of each case, although they are not in independent charge.

No. 1889-97—45, DATED BANGALORE, 4TH JUNE 1889.

ORDER THEREON.—Copies of the letters above read are forwarded to the Deputy Commissioners for their information and early opinion in consultation with the members of the Local Fund Boards.

2. The scheme proposed by Doctor McGann is that all the Hospital Assistants in independent charge of the Local Fund Dispensaries should, as similar officers do in Madras, draw an extra allowance in addition to their pay for being in such charge, this is intended to encourage Hospital Assistants taking up with readiness stations in remote parts of the Province, unhealthy in climate; it will also draw to the service superior men.

3. The salary of the Mysore Hospital Assistants is at present Rs. 60, 40, 25 monthly for the 1st, 2nd and 3rd Classes, in Madras it is 55, 35 and 25 respectively; the charge allowance in Madras is Rs. 10 for ordinary civil dispensaries, Rs. 15 for those in remote or unhealthy Districts and Rs. 25 for hilly tracts where the cost of living, travelling, &c., is much enhanced. In the Mysore State, most of the Malnad Stations would come under the Rs. 25 class, and in consideration of this point the Darbar has already sanctioned a Malnad allowance of Rs. 15 or 10 to some of the Shimoga and Kadur District Dispensaries. Several other stations similarly situated do not draw this allowance at present, which appears to the Government as an anomaly and makes an invidious and unjustifiable distinction.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th June 1889.

4. The Senior Surgeon, it will be seen, has divided the stations into 3 classes, those to which he would grant Rs. 20, Rs. 15 and Rs. 10 respectively corresponding to the classes recognized in Madras.

5. There are now Local Fund Dispensaries as shown in the appended statement with the present contribution to each of them from the Local Funds.

6. A list is also appended of allowances proposed by the Senior Surgeon for every dispensary in the Province and the Deputy Commissioners are requested to give their opinion as to the funds from which they should be met.

Government Proceedings

No: 1889-97/45 dated 4th June 1889, calling for opinion in regard to the proposed grant

grant of extra allowances to the Hospital Assistants in independent charge of Local Fund dispensaries.

The Board fully concur in the proposal to pay the allowances.

The pay of the Hospital Assistants has always formed a Provincial charge and has not hitherto been contributed to, from the Local or Municipal Funds.

The allowance proposed being mutually an increase to the pay of these medical officers, the same may possibly form a legitimate charge on the state Funds. If, however, the Government should be pleased to decide that a contribution from the Local Funds is indispensable, the Board are of opinion that half the extra cost may be borne by the state revenue

the remaining half being debited to the Municipal and district Funds in the usual proportions of 1/3 and 2/3 respectively, except in the case of the 4 dispensaries noted in the margin, the entire cost of which is under orders already passed by Government chargeable to the District Funds owing to the insufficiency of the income of those Municipalities.

The Board observe that a uniform rate of 10Rs has been proposed by the Senior Surgeon for the Hospital Assistants in this District.

Bagepalli and Gowribidanur are the remotest towns in the District, while Gudibanda is an unhealthy place. The cost of living at Bowringpet is owing to its proximity to the Gold Mines dearer than in any other part of

of the District.

Under these circumstan
the Board would beg to
propose that the Rs
of Rs 100 provided for
the purpose may be
distributed as follows:-

The Hospital Assistants at Gudekunda and Bowringpet	Do get Rs 12 each
Do — Do at Bagepalli and Gonikidauer	Do — Do — Rs 11 each
Do — Do — at Chik= =ballapur, Sidlaghatta, Chintamani, Srinivas =pur, Mulbagal and Kolar	Do Do Rs 9 each

Sir,

With reference to the Proceedings of the Government No. 1889-97—45 dated 4th June 1889, I have the honor to state that in view to obtain the opinion of the members of the Local Fund Board. I called a special meeting yesterday. The Members present were unanimously of the opinion that Extra Allowance to Hospital Assistants should be allowed as recommended by the Senior Surgeon and it was resolved that —

Government be moved to sanction a grant-in-aid of Rupees 1000/- for this purpose for the current year, as the Local Funds of the District are not in a position to meet the extra charge.

I have the honor to be,

Sir,

With reference to the Proceedings No. 1889-97 dated 4th June 1909, I have the honor to state that the majority of the members of the District Local Fund Board are in favor of giving charge allowance to Hospital Assistants in charge of Local Fund dispensaries. I concur with them. The allowance may be debited to Municipal and District Funds in the proportion of 2/3rd and 1/3rd respectively or fully from Local Fund General to avoid complication of adjusting the sum under two heads.

To

The Chief Secretary
to the Government of Mysore.

Sir,

With reference to the order of Government regarding Charge allowance to Hospital Assistants No 7180-90 Cir 164 of Bangalore 6th December /89, and to this Office Letter No 6276 / 1675 of the 21st November 1888, I have the honor to recommend that Government will be pleased to sanction Charge allowances to the Hospital Assistants attached to the Central Mysore and Shemoga Jails of Rs 120/- Rs 100/- and Rs 90/- respectively per annum, not in the shape of a Monthly allowance but as a lump sum, the whole or any portion thereof to be given to the Hospital Assistant at the end of the year according as the Medical Officer in Charge of the Jail may think he deserves it.

If there be change of Hospl Assts during the year and all who may in charge had done their work well the amt. should be proportionately distributed I suppose

-guiea there and ascertaining the reason and attending to everything likely to influence the health of the Jail and it is with a view to securing the diligent and careful performance of these duties, when away from the eyes of the Medical Officer, that I recommend the allowance above mentioned and let its payment, or such portion of it as the Medical Officer may think fit be contingent on the manner in which the Hospital Apistant performed his duties during the year and if the sickness and mortality were as low as was possible as far as the Hospital Apistant could be made answerable.

3. Drs. Walker and Tetheridge in their recent report to the Government of India have recommended that allowance should be granted to Hospital Apistants attached to Jails on these lines and I think it a very excellent plan and hope Government will sanction its introduction into the Jails of the Province.

From

To,

Offg: Dewan of Mysore

Sir,

With reference to your official Memorandum No: 4468/444 dated 31st July 1890, referring for my opinion the Senior Surgeon's letter No: 1026 of the 27th Idem, anent charge allowance being given to Hospital Assistants attached to Jails, I have the honor to state that I understand from the Proceedings of Government, No: 7180-90/Cir: 164 dated 6th December 1889, that a monthly allowance of Rupees 10 has been sanctioned to all Hospital Assistants placed in independent charge of Dispensaries in the Maidan Talukes

Taluks and that Rupees 15 and 20
respectively are paid to Hospital
Assistants in semi malnad and
pure malnad Taluks. Jail Hospital
Assistants being in independent
charge may fairly claim the
allowance. Shemoga being a
semi malnad station, it seems
to me that the Hospital Assistant
may have the same allowance
as the Mysore Hospital Assistant.
The amount proposed by the Senior
Surgeon to be paid to the Hospital
Assistants at Mysore and Shemoga
is below the amount allowed
to other Hospital Assistants. The
proposal to pay a lump sum every
year seems calculated to ensure
diligence and zeal on the part
of the subordinate. I think that
the proposal may be sanctioned

by

The civil surgeon or the Superintendent of Mysore Lunatic Asylum & Jail

by Government.

The enclosure of your letter under reference is herewith returned.

Visites the dispensary this day the medicine is properly arranged and the instruments are clean. The present Hospital assistant Mr. Srinivasa has no important case to attend to since his advent to this place. The average number of attendance has increased and this fact itself speaks for his popularity and shows that he takes interest in his work. He informed me that his predecessor had bridge allowance of Rs 15, but since the Bridge work has been nearly completed and the number of coolies reduced considerably

he

he does not get it. He said he may be allowed his malaria allowance. He seems to get only ordinary allowance of Rs 10/- like other Hospital assistants elsewhere. This being a Semi-malaria Taluq, I think he should get half of the malaria allowance viz Rs 15. This point is submitted for the favourable consideration of the Surgeon major.

Sir,

I have the honor to submit for orders of Government the accompanying application from the Hospital Assistant in Charge of the Alur dispensary, Kaspan District, and to recommend that his Charge allowance which is at present Rs 10/- per mensem be raised to Rs 15/- as Alur is a Semi Malnad as remarked by General Assistant Commissioner Mr. Punchanatha Rao in the visitors book, an extract from which is herein enclosed.

Through the Assistant Surgeon
Hassan District.

Respected Sir

I most humbly beg permission to state that Alur is situated close to the Hassan-Saikleshpur Road a part of the Imperial Bangalore-Mangalore Road. This was formerly the head-quarters of a Malnad Taluk — the Maharajun Droog. Belur to the North and Kodlipet of Coorg to the South, about 10 to 15 miles distant respectively. Physical features about 4 miles from Hassan, are such as at once to differentiate the country. Surface gradually assumes a higher level, vegetation is abundant thick and dense; the surrounding jungles of Byaba and Nakulgood merging into the midst of the Malnad forests are within 2 to 3 miles of Alur.

Nature of the soil is different. The species of food grains grown in these parts differ a great deal from those of parts east of Hassan in their intrinsic and extrinsic nature. The Bod Ragi, Kinds of millet, Dodbyr paddy, other kinds of it, Haraka (Coorg), Wheat, Cotton, Cocoanut tree, tobacco, Sesamum, Chillys and various other luxurious grains produced in the soil of the Maidan, do not thrive here at all. The inferior sorts: Gid Ragi, Species of small paddy beans &c grown in these parts are characteristics of the Malnad. The heavy showers of rain, the perpetual drizzle called the Sowney continued as a rule for three months the want of sunshine consequent upon the atmosphere being overwhelmed by thick and dense clouds &c are detrimental to the welfare and richness of those luxurious food-grains produced in the soil of the Maidan Country. Again these Gid ragi, species of paddy & beans grown here are far inferior to their corresponding ones of the Maidan in excellence and nutritive properties. Coffee & Sandal thrive well; this also points to the Malnad nature of the Country. Fodder is insufficient and inferior

inferior, and on this account, Cows and other Cattle die away in large numbers on the approach of Summer as well as winter; Again Milk is scanty & very inferior in its nutritive qualities. Sheep and goat few in number are sent away to Banavar and other eastern parts to keep away from the inclemencies of weather in winter. Seasons are also felt different. Severity of winter has already been described. Summer is rendered hotter by an interruption offered to the Current of sea breeze by the western ghats. The Customs and manners of the inhabitants differ also - Language is rough & often times grammatical indicating want of Education.

Cumblies and thick Cotton Clothes are worn by both sexes so that more warmth may be imparted to the skin. Ploughing, Sowing, reaping and threshing and all the agricultural Operations are conducted at Convenient intervals having regard to the periods of Downey the drizzling and Addamalays the showers. Unlike the people of the Maidan, these here specially store up large quantities of fuel enough for the troublesome winter. The prevalance of Ague, Agne Cakes, neuralgia Asthma and Malarial Cachexia, Itch & Prurigo &c affords certain evidences of generation of Malaria here at the foot of these ghats.

Lastly by the authority of Article 602 Chapter 34th of the Mysore Service Regulation, Alur 4 miles away to the west of the river Yagachi is decided by within Malnad.

I therefore most humbly and respectfully beg that the present Charge allowance Rs 10 Counted for the Maidan may be increased to Rs 20 the Malnad allowance. Copies of Remarks in the visitors book are herewith submitted for Kind perusal.

I beg to remain

Myself and Mr. A. Nagarkar visited this Dispensary Yesterday the 16th November 1892. I was pleased to see that the Institution is being very well appreciated and made use of by the people. On some days the attendance was as large as fifty eight:- On an average it is between 25 & 30 daily. Early measures will be adopted to build a better building for this Dispensary.

I visited the Dispensary this morning and found everything in order. I find that several sick persons in the neighbourhood of Alur resort to this Dispensary for Medical Advice and treatment & I understand that the good temper and attention of Hospital Assistant Krishnaswami Iyer towards his patients have rendered the Institution popular in this Semi-Malnad Centre of rice trade. I think the Hospital Assistant should be given Semi-Malnad allowance.

7th January 1893 (Sd) B. Panchanatha Row

I inspected the Dispensary this morning and found everything satisfactory. I am glad the dispensary is becoming popular.

Inspected the Dispensary this day & found everything in daily good order, except a few things purely Department which the attention of the Hospital Assistant has been drawn to. Hospl Asstt Krishnaswami Iyer in charge appears to be very popular with all classes & is talked of well by them. He takes great interest in his work.
